UNIT OUTDOOR PROGRAM

Spring is here and summer is soon upon us. There's no better time than the present to begin planning for next year's Cub and Scout program.

Cub Packs — look at your pack roster. Who'll be leaving because their son is graduating into Boy Scouts? What holes will that leave on the pack committee? Do you have replacements lined up? How do you plan to keep the nucleus of your pack's leadership together over the summer so that you're not "starting from scratch" in the fall? One way you could do it (and incidentally, earn a bit of recognition for your pack) is to plan out and earn the National Summertime Pack Award.

How? It's simple really, just plan and carry-out one pack activity each month during the months of June, July, and August. Plan simple, plan close to home if possible, plan so that all family members (grandparents, uncles, aunts, etc.) can participate if they want to. Publish your activities ahead of time so that all families can adjust their calendars if possible. But remember, it is summer, so whoever can come, comes. If all of your pack can't make it, that's the way it happens.

What to do? Ball game, picnic in the park, field trip to the zoo, a day at the beach, the possibilities are endless. Appoint a small task-force of parents to handle each of the summer months and draw up the plans and make arrangements. It's a good way to involve new parents on your pack's committee. Check with your district, some of them may have a district-run Cub Scout Summer Games that could fill in the activity for one of the months. A handy planning guide, #3748 is available to help.

Look at the program for your Webelos Den. Spring is the best time to graduate your second-year Webelos into your neighborhood Scout troop ... just in time to go to summer camp. And you should be sure that your soon to be ex-Webelos are going to camp. Nothing whets a boy's appetite for Scouting like a week or two at Owasippe. If your Webelos Den moves as a group to a troop, it will likely remain intact as a "new Scout patrol." A good way to go to camp, especially if your soon to be ex-Webelos Leader goes along with them.

See if your plans can allow your first-year Webelos Den to do some work on activity badges at these summer activities; aquanaut and sportsman are just two possibilities that come to mind — there are many others.

Now that you're done all that work, it's a shame not to share it with your next crop of potential customers. Share these plans with your Tiger Cub group and the families of boys who are eligible to join your pack in the fall ... and then don't wait. Invite them to join up now. Since these are pack activities, it will allow you all summer to see how to structure dens for the newcomers, you'll have all summer to work on your new crop of leaders and fill vacant responsibilities, and come fall — no reorganization needed — you'll be ready to go. New parents will be much more likely to become involved if they've had a chance to see your pack in operation and have had a good time over the summer. If you want to do a spring rally for new Cubs, your District Executive will be glad to help.

Scout Troops, for your summer camp should be the culmination of a successful program year. Where better to let your Scouts practice the patrol method and the leadership skills they've learned than at summer camp. What better highlight for your existing Scouts than a week or two of hiking, canoeing, swimming, and merit badge and advancement work. What better introduction to Scouting for a new Scout than a trip to Owasippe and participation in the "Adventure Patrol" designed to give your brand-new Scouts a flying-start to First Class. If you haven't signed up for Owasippe yet, there's still time. Contact Owasippe at their toll-free number, 1-800-283-0830.

Remember, quality unit award requires a long-term camp experience, as does the National Camping Award, so plan now. Three-fourths of Scouting is "Outing" and the Scouts that go to camp will be the ones that stay with your troop. Most Scouts join Scouting because of the outdoor program; don't disappoint them. If for some reason, your unit can't go, ask your district camp promotion chairman to help you find a "buddy troop" or see if he can help you find some leadership to get your boys to camp. It's important!

See you in August at the program planning conferences, rested, tan and ready to go from all those summertime activities that kept your Scouting alive.

BOY'S LIFE GETS NEW LOOK

DALLAS, TX (March 30, 1990) — Generations of American males have grown up reading **Boys' Life**, a magazine that has held its appeal for 79 years by adapting to meet the needs and interests of young boys.

Boys' Life has once again undergone a change to meet the special requirements of today's readers, according to **Boys' Life** Publisher Warren Young.

"Boys' Life in the 1990s will reach a more varied group of young people, across a wider age range, than ever before," he said. "Some of the changes, therefore, are to assist younger readers while providing a visually appealing design for older readers."

Larger type, greater use of color, and more illustrations, photographs, and graphic devices are expected to provide strong attraction for every age, including adults, Young explained.

One special editorial feature in the new magazine will be a series of articles on life in the coming century by famed science writer Isaac Asimov. Completed articles in the series are "Living in Space" and "Travel on Earth." They will be followed by essays on the future of medicine, the undersea world, communications and ecology.

"Young people today are beset by distractions, such as television, that threaten to lure them away from reading, a participatory act, into the role of passive receptor. Also, today's readers are influenced by a widespread decline in reading interest and ability, starting at about the third grade."

"We believe **Boys' Life** should carry the message that reading is fun, and the magazine is uniquely positioned to stimulate the imaginations of young readers to the point they will discover for themselves the fun of reading," the publisher said.

"The new look of **Boys' Life** means more to read that's fun to read," Young said, "which means the magazine can be a powerful tool in our work to overcome functional illiteracy."

SCOUT EXECUTIVE'S MESSAGE

I was visiting recently with some Scoutmasters attending a meeting at Camp Kiwanis and the discussion turned to boy membership in their Scout troops. Each pointed out that the troop's membership is at its highest at this time of year when Webelos and new recruits join in time to attend summer camp and at its low point in early fall, especially if the troop did not attend long-term Scout camp during July or August.

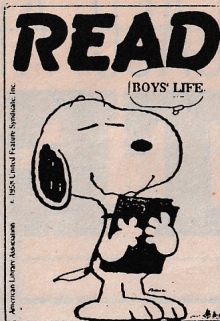

Of course, that's not a recent phenomenon because the highlight of a boy's Scouting experience is summer camp with its fun, adventure, advancement, leadership and group experiences, and outdoor/high adventure training... the "outing" in Scouting! Summer camp is a must for every Scout if he is to truly have the Scouting experience.

Scouts in the Chicago Area Council are very privileged with the variety of summer camp programs available to them, supported by substantial campership funds available to assist the needy, plus barrier-free facilities. Cub Scout Day Camp, Cub Resident Camp, Mom and Me/Dad and Lad, Scout Camp, Explorer Camp, Senior Camp and Family Camp await the eager campers, units and families.

Unit leaders and committees, district committees and commissioners and staff are all challenged to do their very best to assure that programs and facilities are fully utilized at Camp Kiwanis, Camp Ft. Dearborn, Hoover Outdoor Education Center and Owasippe this summer.

Make every effort to see that boys are off the streets and into our council camps this summer, learning to cook, hike, swim, canoe and sail, experience nature and ecology, earn advancements and merit badges and, of course, experience fun and leadership growth with other boys. It will be the best Scouting investment you will make all year and you will experience great satisfaction as your Scouts return home much stronger and more mature than when they departed for camp. I urge you to do everything you can to do help every Scout attend a Chicago Area Council camp this summer.

Good Camping and Good Scouting!

1990 POPCORN SALE

Mr. Vince Sheridan, Assistant Vice-president for Field Service and Board of Directors member, has been appointed as the chairman for the 1990 council popcorn sale. Mr. Sheridan is President of Custom Travel and a long-time council volunteer currently serving as Woodland Trail District SME chairman.

The goal of the 1990 popcorn sale is to sell 55,000 buckets and boxes of popcorn which will result in more than \$82,000 in cash profits to units plus over \$25,000 worth of prizes and incentives to Scouts selling popcorn. The popcorn sale will also net \$80,000 toward the budgeted expenses of Chicago Area Council camps.

Vince Sheridan, 1990 council popcorn chairman, has announced that the annual popcorn sale will take place November 1-26, 1990.

This year, three products will be sold, all featuring Trail's End Gourmet Popcorn — the country's leading supplier of popcorn to the Boy Scouts of America.

1. A three pound reusable plastic bucket containing 3 pounds of unpopped corn will sell for \$5.00.

2. A box containing 5 envelopes of microwave popcorn will sell for \$5.00.

3. A decorator tin containing pre-popped caramel corn with pecans will sell for \$6.00.

The unit will make an "instant rebate" profit of \$1.50 for each bucket, box or tin sold. In addition, the council will provide prize incentives for Scouts and for units worth more than \$25,000.

More information will be coming soon — mark the dates on your unit activities calendar for the fall and plan to participate in this great opportunity to strengthen Scouting within your unit and your community.

1990 School Night For Scouting

On two evenings in September, thousands of Scout age boys and their parents in the Chicago Area Council will be visiting hundreds of neighborhood locations to join Scouting.

Every pack, troop and Tiger Cub group is invited to participate. The suburban districts of the Chicago Area Council are gearing their recruiting efforts for Thursday evening, September 20, 1990, and the Chicago districts serving Chicago Public Schools will be gearing up for Thursday, September 27, 1990. Cicero district will be holding a town-wide recruiting effort in October, 1990.

Each pack and troop participating should appoint a person to serve as their School Night for Scouting Coordinator, who in turn reserves their meeting place for that evening. All packs are encouraged to recruit a person to serve as Tiger Cub organizer for their pack, and all unit leaders are encouraged to attend the School Night for Scouting briefing meeting in their districts being held in August.

Dr. Robert Saddler, Membership Chairman of the Chicago Area Council, and his committee of District School Night for Scouting Chairman have been working hard to secure full participation of schools and Scout groups to make our recruiting efforts the best yet. Color flyers, bilingual flyers, and incentives will be made available to ensure successful results.

At the time of this writing, we are at 50% of our goal with a little less than two months to go in the campaign. Continue to play hard, everyone, we want to be number one again to exceed our goal of \$10,500 for the fourth year in a row.

SME

At last we are beginning to have some successes in our Family SME campaign, but we need many more. Remember if your unit has not scheduled a Family SME presentation, please call your district executive to schedule one. Each unit should select a leader or parent, preferably, someone who hasn't had a chance to help out in other ways to approach each parent who does not contribute at the Family SME presentation. This is a crucial matter, so please notify your District Executive, Ray Baker at 559-0990 or 324-8216.

DOLLAR DAY CAMPAIGN

This year's Dollar Day campaign will take place on May 19th. We must take advantage of this great opportunity to support our council, while at the same time getting those needed dollars for our units. Let's have our guys out in full uniform, if possible on that day.

SKILLS FEST '90

The Skills Fest will be held on May 5, 1990 at Camp Fort Dearborn, 8:30 a.m. to 4:45 p.m. We are encouraging everyone to attend this event. This show-and-go will provide a chance for Scout leaders to develop and improve their skills in many different areas, such as knots, songs, rope making, first aid, star study, fire starters, ceremonies, crafts, compass, pioneering, just to name a few.

In the April Scouter, Page 11, there is more information on this event, including a schedule of events. Please see the time and schedule and send in your reservations now. On page 9 of the April Scouter there is a registration form. If you have questions, call Dan Breskey at (708) 652-4999 or Dave Ross at (312) 559-0990. We can all make our programs better by participating in a wonderful training program like this.

KITE FLYING

Thanks to Mr. Alex Conley and his team for planning and hosting a fabulous event. What a colorful and fun activity. This seems to become more of a family event each year.

Congratulations to all the winners and thanks to all who made it work. Let's make it bigger and better next year.

SPRING RALLY

March, April and May spring-time. During the spring, we recruit adult and boys. We need to recruit adults more so than boys because adults help deliver a program to the boys. Joe Kummerer has announced that the Pinewood Derby will be held on May 5, 1990 instead of May 12, 1990 because of the availability of the gym. You should enter your three winners of each age group and for the best looking design. This would give you at least thirteen entries. Cost is only \$3.00 per unit and \$2.00 per Scout. Refreshments will be available to buy hot dogs, pop, coffee, popcorn, etc. Registration is at 10:30 a.m. and races will start at approximately 11:15 a.m. St. Hilary's gym is located at 5615 North California Avenue.

SPRING ROUNDUP

Dear Leaders:

If you sign up for an open house between March 1st and June 30th, 1990 and register a new Cub Scout or Boy Scout, you will get a free advancement badge for that Scout. Units that have already participated are 3539, 3484, 3468, 3290, 3597, 539, 198 and 484. For applications and more information call your district commissioner, he will be happy to help you.

SUMMER CAMPING, IT'S GREAT!!

Dear Leaders:

Camping is probably the number one reason why boys join Scouting. Let's get more boys to camp this summer. Whether it's Day Camp, Cub Scout Resident Camp, Webelos Overnight, Dad and Lad, Mom and Me Weekends or Boy Scout Long-Term Camps, let them, as well as yourselves, experience the fun and adventure of summer camp. SCOUTERS, YOUR HELP IS NEEDED!

In order for the Chicago Area Council to continue to provide administrative services, summer camps, training aids and literature for our leaders, roundtables, training courses and varieties of other services, we need your help. You can help by sending your personal contribution in support of our Sustaining Membership Enrollment Campaign. The amount you contribute is up to you, but please contribute. We really need your help.

Also, on Saturday, May 19, 1990, we will have our annual Dollar Day Campaign. We need all units to participate in this effort to raise funds. For more information, contact your Dollar Day Chairman Deborah Randle at 842-2319.

SPECIAL THANKS

Deborah Randle of Unit 3198 says thanks to all who participated in their Blue and Gold Banquet that was held on February 17, 1990 at Six Grace Presbyterian Church. It was a great success. Thank you!

MEMBERSHIP

Western Trails is proud to welcome 4 new units to our district: Units 3230, 230, 3535 and 235 from Erickson Academy and House of Prayer Church respectively. It's great to have them as part of the team.

As the spring and summer months come upon us, a great opportunity awaits our youth in Western Trails District who are not a part of the Scouting program. Give these youths the opportunity they need by holding a spring roundup in your unit. If you need help, call your district commissioner or your district executive. Now is the time so that they can take part in our summer program. Remember, our aids need Scouting.

REGISTER FOR SUMMER CAMP

It's not too early to think about summer camp. As soon as you possibly can, get your units registered for Owassippe for Boy Scouts and Explorers, Camp Hoover for Boy Scouts and Cub Scouts, Camp Kiwanis for our Cub Scout Day Camp or Ft. Dearborn for Cub Scout Day Camp.

Our youth in Western Trails can enjoy Cub Scout Day Camp on June 27, 28 and 29 at Fuller Park, 331 W. 45th Street, Chicago, Illinois. It's going to be a great experience for our boys!

SUSTAINING MEMBERSHIP ENROLLMENT

Our SME deadline is approaching fast. If your unit has not participated in helping to obtain our district goal, we encourage you to do so. This is a very important aspect of the Scouting program. Our Dollar Day Campaign is scheduled for May 19th, and we're hoping for a full turnout. Also, this is an opportunity to tell others about Scouting.

This is it! Skills Days will be held at Camp Kiwanis on May 22-23, 1990, and Ft. Dearborn on May 24, 1990. If you have not yet received or returned your applications, please do so today, attendance is limited! We would like to express our thanks to the Quaker Oats Company for their generous donation of Gatorade, cups, and coders. We also extend our thanks to Broadway Costumes Incorporated for their generous donation of theatrical makeup. Their generous donations make it possible for us to continue providing events like Skills Days to our Scouts.

SME/FUNDRAISING

Each year, Scouting For People With Disabilities has to raise money to sustain our programs. The money raised goes toward youth and adult fees, materials and supplies, training expenses, district activity expenses, camping programs, etc. We are growing larger each year and we require more money to operate our programs. It would help tremendously if each of you would make a pledge of \$25.00 or more to Scouting For People With Disabilities. Your pledge will strengthen our programs and provide us with a strong foundation for 1990-91. Please make your check payable to Chicago Area Council, Boy Scouts of America. Thank you for your support to keep the Scouting spirit alive in 1990.

CAMPING

June 1, 1990 is the deadline for the campership applications for Owassippe, as well as the reduced fees for Hoover and Owassippe. Send in your applications for reservations now. If you have any questions or concerns, please call us at (312) 559-0990. We have some provisional leaders available at Owassippe from July 1-7, 1990 for Scouts who want to go to camp but whose leaders are unable to attend. Please contact us if any of your Scouts want to take advantage of this. We are still looking for more volunteers who would be willing to go to Owassippe during the week of July 1-7, 1990. We need you to be the leaders of our youth! Please call Jill Swenson for more information.

Friends of Scouting

We would like to thank all those schools who were truly "Friends of Scouting" and participated in our annual fund raising campaign. Through your efforts we will be able to achieve our annual goal. More important, we have demonstrated to our corporate funders that we have a commitment from our schools to maintain the quality of the In-School Scouting program in their school.

Summer Activities

To better meet the needs of our schools, we have developed special camp programs that run during spring break. These programs serve to introduce our Scouts to the traditional Scout outdoor programs we have in the summer. If you would like to have your students participate in traditional Girl and Boy Scouting camping programs, please contact your In-School executives. We have programs that cover all age groups and try and meet all needs.

Thanks

We would like to thank all our schools who participated in the program this year. As a result of school reform, we have had to progress rather slowly but never the less we were successful in bringing a strong Scouting program to our students. All Scouting programs require volunteer support to make them run. The volunteer support from the schools and educational community are the key to our programs success. A special thanks to you volunteers who make things happen.

SCOUTING FOR PEOPLE WITH DISABILITIES

UNIT OF THE MONTH

Gladstone School has had a Cub Scout pack and Boy Scout troop for over two years. They have done a lot in a short time. Their leaders: Verdella Wheeler, Kevin Hayes, and Judith McNeal are very enthusiastic about the program as well as the Scouts! They have gone to the Fall Color Hike, and Skills Days, raised money through popcorn sales (\$210.00), done service projects, advancements, and hopefully are going to Hoover this summer. More than 30 boys are registered with Gladstone and they all love Scouting! Each week, these Scouts bring in their extra change and put it into a can so they can eventually purchase an American Flag for their Scout meetings. The Scouting For People With Disabilities staff congratulates Gladstone School for keeping the Scouting spirit alive in 1989-1990.

District Committee Meetings

The district committee meeting is run on the first Tuesday of every month to have important decisions and information go to all the units in the district. However, some units are not being represented at these meetings and are missing some very important information. We ask that all units please have a representative at the next district committee meeting and not rely on receiving their information at the roundtable meetings. We must remind you that roundtable meetings are held for training purposes and not for conducting district committee business. We hope to see all the units represented at June's district committee meeting.

ENGLEWOOD

PINEWOOD DERBY RESULTS

MEMBERSHIP GROWTH

Now is the time to extend invitations to new youth to become Sea Explorers. The Exploring team will step up the pace of making Sea Exploring a common topic at In-School Exploring seminars. We also have discovered a supply of posters "You'll never forget the summer you joined the Sea Explorers," they are available for ship meeting places, chartered partners, schools, etc.

Membership growth is critical to the viability of our program. Our goal for the end of April is 230 youth. Currently we are at 211. Let's extend invitations whenever and wherever possible.

SUSTAINING MEMBERSHIP ENROLLMENT

We still have a long way to go toward our \$5,000 goal. To date \$1248 has been received from our membership and friends. We are asking that all Executive Committee and Steering Committee members make their financial commitment as soon as possible.

UNIFORM SUPPLY FOR SEA EXPLORING

The Department of the Navy has identified a supply of uniforms for Sea Explorer leaders and youth members. Skippers should write the Navy Uniform Support Center to request a uniform catalog:

Navy Uniform Support Center
P.O. Box 15065
Norfolk, VA 23511-006

Prices are to be determined by calling that 1-800 number. They will not be listed in the catalog.

Uniform orders require the approval of the local council Scout Executive. Approval must include verification of current registration. Forms are available at the Scout Service Center.

Questions concerning individual orders may be addressed to the Program Manager Mr. Rob Reinhart, Navy Uniform Support Center at 1-800-368-4088.

ISECA HIGHLIGHTED AT BOARD MEETING

The ISECA program was highlighted at the March Board of Directors meeting. Bill Tyda, Exploring Chairman, spoke to the group. Two ISECA students, Sheila Shepherd of Foreman High School and Elizabeth Romero of Lakeview High School, opened the meeting with Red Skelton's version of the Pledge of Allegiance. Later the two students shared how they have benefited from the seminars.

Our thanks goes to Jo Lipson, Lakeview High School, and Anthony Rudinski, of Foreman High School, for selecting the two outstanding students to speak to the Board of Directors.

ISECA AGREEMENT

In the month of May, the ISECA division will be completing the ISECA agreements of each school for the 1990-91 school year.

We ask all faculty coordinators to keep in mind the times and days they wish to conduct their seminars next school year. We want to expedite this process as best we can. We should complete all agreements by May 31, 1990.

KEEP SENDING THOSE ENDORSEMENTS
We thank all ISECA supporters for their financial contributions. Without your support, the ISECA program would greatly suffer.

We want to encourage those schools, speakers, and local school council presidents who have yet to give, to please send your contributions as soon as possible.

OWASIPPE FEVER

The summer is an excellent time to enjoy outdoor adventures. What better way to explore the outdoors except at a beautiful campground called Owassippe in Whitehall, Michigan.

Explorer Camp will be held July 8-14, 1990. We urge all ISECA students to attend this great adventure and opportunity to canoe, swim, hike and meet other young adults. We ask all faculty coordinators to contact the ISECA Division for further information.

SAIL AWAY WITH SEA EXPLORING

Sea Exploring is one of the unique programs available to young adults that meets all summer. Young adults have the opportunity to learn how to sail, navigation, and learn about the sea.

Steer those students that you think would enjoy this exciting program towards Sea Exploring. All you need to do is contact Laurette (Leist) Hart or Deneen Robinson to get those students involved.

So come "Sail Away with Sea Exploring!"

COMMENTS FROM OUR EPA CHAIRMAN

Dear Explorers:

I would like to thank all Explorers who participated in the PACE conference on March 24 and 25 in Decatur, Illinois. It gave us the opportunity to meet new friends and taught us how to run our post/ship smoothly, how to earn money for your post/ship, and it showed us the many different aspects of Exploring (medical, firemen, aviation, etc.). I would also like to congratulate Michael Niewdack of Post 9013 for receiving the "Advisor of the Year" award at PACE.

I would also like to thank all 208 Explorers, Advisors, and parents who attended EPA Lock-In on March 16th. We had a lot of fun playing basketball and volleyball, running track, and swimming. I also give thanks to my committee: Diana Avers, Nanica Brown, Kevin Cariato, Dominic Battagli, Stu Bergmann and Laurette (Leist) Hart for making it possible and having it run smoothly. I give special thanks to Juan Soto of Post 2039 and Michael Niewdack of Post 9013 for helping out in volleyball; Joyce Jordan and Deneen Robinson for helping with registration.

Sincerely Yours in Exploring,
ROSEMARY GUERRERO,
EPA Chairman

1990 EXPLORER CAMP

Applications have begun to be accepted for the 1990 Explorer Camp to be held in Whitehall, Michigan at Owassippe Outdoor Education Center. Camp will be held during the week of July 8th through the 14th at a cost of \$125. Campships are available however, subsidizing total fees for up to 70%.

Flyers will be going out soon to every registered Explorer, but in the meantime if you have any questions, please contact Explorer Camp Youth Chairperson Diana Avers at 539-8957.

NATIONAL LAW ENFORCEMENT CONFERENCE

The 1990 National Law Enforcement Conference will be held at the University of Colorado in Boulder on July 16-21. Cost of the event is \$225.00.

Purpose of the conference is to provide a concentrated national activity for posts to share ideas, programs and test their competitive "police" skills with other posts from around the nation. Our local group will be among an es-

timated 3,000 Law Enforcement Explorers and Advisors taking part in the conclave, which is a biennial event.

TEAM COMPETITIONS highlighting the conference will include topics such as "Bomb Threat Response," "Shoot/Don't Shoot" and "Hostage Negotiations." Among the INDIVIDUAL EVENTS, Explorers will test their skill with the .38 Caliber Pistol Safety Competition. SEMINARS by nationally renowned presenters will cover such topics as "Crimes Against Children," "Destructive Cults" and "Verbal Judo." These are but a few of the highlights of an adventure filled week awaiting our Explorers.

In addition to competitions and seminars, nationally known speakers and entertainers will round out a week of learning and fun. This year's Law Enforcement Explorer Conference is under the leadership of Director Stanley E. Morris, U.S. Marshals Service.

Over 3,000 Law Enforcement Explorers and their Advisors attended the 1988 conference. A number of Chicago area posts have already committed to attend, such as Post 9705 from the Palos Heights Police Department and Posts 9919 and 9315 from the Chicago Police Department. Questions related to the conference should be directed to the Exploring Division at 559-0990.

May EPA Meeting

The Explorer Presidents' Association, will be adding an additional meeting to their 1990 calendar. After carefully reviewing the 1990 calendar, we found we will need more time to plan our summer activities. With the full schedule of summer activities, we feel an additional meeting will help us better prepare for and improve the quality of the activities. The additional meeting will be held on May 21st at 7:30 p.m., DeVry Institute, 3300 North Campbell Avenue.

When Scouting units prepare for summer camp, there is one thing that may be overlooked. In all the preparation for learning Scouting skills and earning merit badges, the spiritual life of Scouts and Scouters is often forgotten.

Unit leaders need to plan for chaplaincy services during summer camp. A unit Chaplain can provide opening and closing worship for unit meetings prior to summer camp, especially in church-sponsored units.

The Chaplain can also provide meaningful worship on campouts, both in the evening around the campfire and on Sunday morning.

The pastor of the church that sponsors the unit can serve as Chaplain at times and one of the adult Scouters can be designated as Chaplain the rest of the time. The pastor can supply the Scouter with worship materials for unit meetings, campouts and summer camp. A unit should also have a Chaplain's Aide, a Scout who is trained to assist in worship or provide opportunities for worship when a Chaplain cannot be present. The pastor or an adult Scouter should train and assist the Chaplain's Aide with his duties.

Another item of spiritual concern in planning for summer camp is the provision for Scouts to work on their respective religious emblem programs.

Summer camp is a good time for the Scout Chaplain or unit leader to assist a young man in the completion of some or all of the requirements for the religious emblem program. Each church has an appropriate program for Scouts in the unit. Information about those programs and materials for working on them should be part of every unit's preparation for summer camp.

... to Larry and Yvonne Plansky for putting on a great Cub leader training. Thanks, folks! Now, how about that rally?

FINANCE

Money, Money, Money, Money! I believe that's a title to a song by the O. Jays circa 1978. Our finance goal is \$10,500. Today, we're at \$4,934 or 46% of our goal. We're all going to have to dig a little deeper, because as you know, the next line to that song is "Got to Have It," to be a quality district.

TRAINING COLUMN

Go ahead and cut it ... cut it crosswise right down the middle. Go ahead. Now look very closely at each cut end ... and presto like magic are 2 perfect "stars!"

Stars in an apple?
Ever wonder where a school of small minnows go when you toss a little stick in the water nearby? Do they get scared and swim upriver ... or do they go downriver instead? Do they ever come back to the same spot when you go away?

An ant wandered very near a spider's web but didn't touch it. But then a moth fluttered right into it ... it tried to pull loose but its wings were stuck. It became more tangled as it struggled to get free and soon it was unable to move at all.

The spider rushed out from its hiding place nearby and pounced on the moth. It turned the moth over and over, wrapping it in its sticky thread. Then the spider pulled its motionless prey out of sight beneath a log.

When does the spider eat its prey? Or does it ever? Must the spider unwrap its catch before it can eat it? Or does it? Why does it wrap its prey in the first place?

Oh look ... there's Cassiopeia over there. Oh they've all come out to play tonight ... Draco the Dragon, Cetus the Whale, Taurus the Bull and even the Gemini Twins. And why is Leo the Lion way over there?

And there's Orion the Hunter. Isn't he always the handsome gentleman? It's good he didn't forget his sword tonight.

I think Sirius just changed the batteries in his flashlight. See how brightly it shines over there?

"Nature!!" It is wonderful! It's bountiful! Nature is part of our very existence ... it is "life" itself!

Here's "A fresh old idea" from the brand new Boy Scout Handbook ...

"Peering through the trees, an Indian boy watched a deer crossing a meadow. Slowly he drew his bow and sent an arrow through the deer's heart. He and his family needed the meat for food and the hide for clothing.

"The young hunter knelt beside the deer. He took some corn pollen from his pouch and gently placed it in the nostrils of the dying deer as a reminder of the natural cycle of life and death. Just as the corn nourished the deer, the deer would now sustain the boy's family. One day when their bodies were buried in the earth where they would become food for corn and other plants, the cycle would continue.

"The boy belonged to a tribe that believed life is sacred and that everything has life. Animals, plants, soil, sky, water, and fire are full of the spirit of life - including deer and humans. Because they have life, all things have a right to exist. Knowing that, the tribe members lived with nature rather than struggling against it."

The Scout Handbook further goes on to say that: "Unlike that boy, many of us today live in cities that limit our contact with the out-

doors. Streetlights dim the night sky. Asphalt blankets the open ground. The vehicles that save us from walking also prevent us from feeling the shape and texture of the land beneath our feet. We are so entertained by the sights and sounds of television and radio that we pay little attention to the natural world around us. Insulated from the Earth, we may not be very aware of the importance of our environment.

"Scouting brings you close to nature. On hikes, you feel the rise and fall of the land. On campouts, you can look up at the black dome of the sky and see more stars than you ever imagined. You may feel the force of a storm, and hear the long, distant roll of mountain thunder. As you learn how to observe, you will discover much about animals, plants, and the forces of nature.

"The more time you spend in the outdoors, the better you will understand why Indian tribes believe everything in the environment is sacred. Perhaps you will find yourself agreeing with them. With understanding comes caring, and when you care about what happens to the environment, you will want to do all you can to protect it from harm. A good place to begin is on Scout outings."

Ah, the wonders of nature! It's exciting, refreshing and adventuresome!

The brand new Boy Scout Handbook is filled-full of nature's wonders. There's an exciting and enticing program idea right at your very fingertips. Use it ... don't deprive your Scouts. Nature is truly back to "basics!"

Eagle Scouts Visit Governor

Jason Ingraham of Troop 760 Midway District was one of three Eagle Scouts who were members of Chicago Area Council's "Report To The Governor" contingent on February 4-7, 1990. Jason was elected Secretary of State by the 32 Eagle Scouts who represented the Boy Scouts Councils in Illinois.

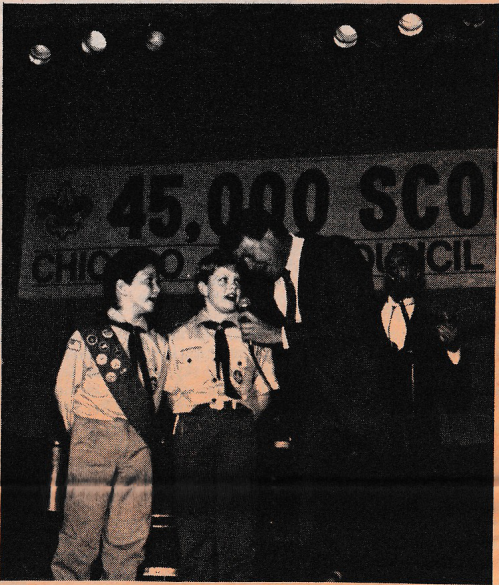

The highlight of the activity was a luncheon in the Executive Mansion hosted by the Governor. After the meal Jason and the other Eagle Scouts spent the afternoon performing the mock duties of the office to which they were elected.

GLEN CAMPBELL IN CONCERT

The Fairmont Hotel in Chicago provided the perfect venue for the April 2-5 council fundraising committee "mega" event. The four-day, five-industry event is reaching new heights in contributed dollars supporting Chicagoland Scouting programs and camps.

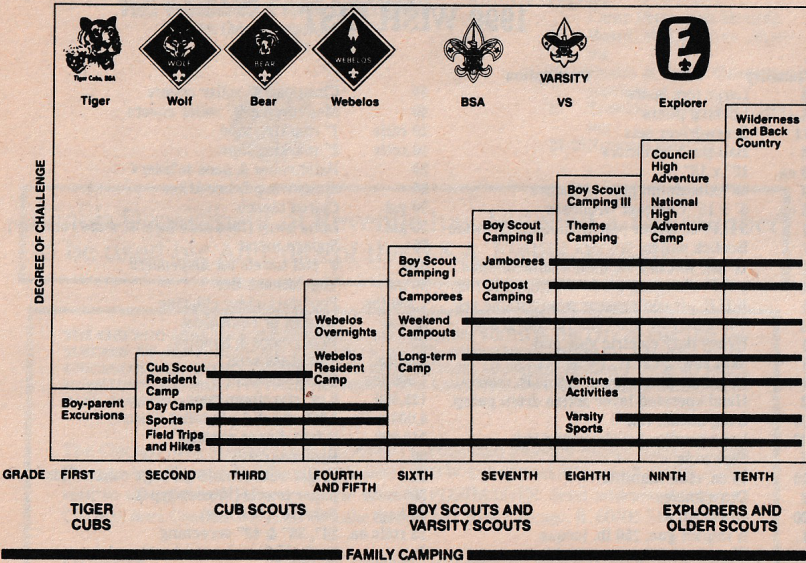

Industries represented in the project include the Metals; Construction; Communications; Electronics and Utilities; and Food & Beverage sectors of greater Chicago. Collectively the individual event executive committees raised \$875,000 with 3,800 people attending the reception, dinner and Glen Campbell concert.

A special highlight of one of the performances included Scouts who joined in singing the encore song titled "I'm proud to be an American". One Scout, having learned the words to the song as a Webelos, sang a partial duet with Campbell. That, of course, brought the house to their feet!

Scouts join in with Glen Campbell at the April 2-5 Mega Fundraising Dinner Show at the Fairmont Hotel.

The Boy Scout
Commemorative
Tribute Fund

A common thread of purpose and method runs through every part of the Scout camping program. The chart above illustrates that thread in each part of our camping program. The Cub Scout outdoor program is designed to give the boy and his family an introduction to the out-of-doors. As the boy matures he takes on greater challenges and develops new skills through participation in the outdoor activities of Scouting.
